**Deep in the bowels of a non-descript government office,  
three bureaucrats from The Department of Great  
Thinkers Thinking Great Thoughts run our country.  
Every thought comes directly from these near geniuses.  
The problem is, of course, that these are bureaucrats  
and they don't ever produce anything - including  
thoughts! The lowly night janitor discovers their lair  
and hilarity ensues.**

**A timely commentary on government in action,  
or inaction, as the case might be... We think.**
